

HSSE & QA POLICY

Health, Safety, Security, Environment and Quality Assurance

Teekay is committed to achieving Operational Excellence and delivering flawless customer service using an integrated risk-opportunity based approach to the management of Health, Safety, Security, Environment protection and Quality Assurance.

To fulfill our commitment, we will:

- Strive for Zero Incidents through Operational Excellence
- Prevent injury, ill health and harm to people and property by eliminating hazards, reducing HSSE and QA risks and holding Health and Safety as our first priority
- Provide safe and healthy working conditions that promotes well-being for all employees
- Operate sustainably by preventing pollution, strive for zero spills and minimize emissions that impact the environment
- Safeguard personnel and property through risk-based security measures
- Meet or exceed all compliance obligations working closely with all interested parties
- Consult with workers and workers' representatives on HSSE and QA matters and enable their participation
- Manage our vessels to ensure reliable performance, structural integrity and the application of vessel standards which support the Teekay brand
- Enhance the competence of our people through training and career development
- Continually improve the HSSE and QA management system to enhance performance
- Use performance measures through Quality Assurance to improve our operations
